At **metro plus** we offer the following range of mechanism choices

Manual:

Zero Wall: Fits within a few inches of a wall.

Home Theater: Most suited manual mechanism for cupholders.

Rocker: With our rocker mechanism, rock while enjoying.

Swivel Glider: this mechanism allows 360 degree gliding movement.

Motorized:

Home Theater: At the touch of a button you can recline/decline as well as choose the exact position that suits you.

Lift: lift mechanism effortlessly brings a person to a standing position, ensuring that no undue stress is applied on knee joints.

* Please Note that some mechanisms are only compatible with certain models/ accessories.
